The Coyotes Are Calling "Time to get your Membership"

It's that time of year! Let's support our students as they represent our community in over 20 extra- curricular activities and become good citizens.

Parents, we need you, become a member and volunteer in the many opportunities to support our students.

Community involvement is a must in shaping our students, so the coyote is calling for everyone to join us.

Grab a family membership for \$25 or a business membership for \$100. Businesses get called out on the radio and the newspaper.
