# Introduction

Student participation in extracurricular activities has been linked to improved attendance, higher academic achievement, and greater student self-confidence and self-esteem. Potter-Dix Public Schools provides students with the opportunity to participate in a comprehensive activities program that includes athletics, fine arts, and select clubs or organizations associated with academic areas.

Although the school district believes strongly in the value of student activities, participation in the activities program is a privilege, not a right. Students must obey the rules set out in this handbook and any additional rules created by their coach or activity sponsor. This handbook is advisory and does not create a “contract” with parents, students, or staff. The administration reserves the right to make decisions and make rule revisions at any time to implement the educational program and to assure the well-being of all students. The administration is responsible for interpreting the rules contained in the handbook. If a situation or circumstance arises that is not specifically covered in this handbook, the administration will make a decision based upon all applicable school district policies, and state and federal statutes and regulations.

**Please read this handbook carefully. Students and their parents are responsible for complying with all of the rules and procedures detailed in this booklet.**

**Parents must sign the acknowledgement and permission to participate form at the end of this handbook before their student will be permitted to participate in the activity programs of the district.**

The provisions in this handbook are subject to change at the sole discretion of the Board of Education. From time to time, you may receive updated information concerning changes in the handbook. These updates should be kept within the handbook so that it is up to date. If you have any questions regarding this handbook, please contact the Superintendent for assistance.

## **NONDISCRIMINATION IN EDUCATION PROGRAMS AND ACTIVITIES**

The school district does not discriminate on the basis of race, color, national origin, sex, disability, or age in its programs and activities and provides equal access to the Boy Scouts and other designated youth groups. The following person has been designated to handle inquiries regarding the nondiscrimination policies:

Name: Chris Arent  
Title: Superintendent  
Address: 303 Walnut St. Potter NE

Telephone: 308-879-4434  
E-mail: chris.arent@pdcoyotes.org

For further information on notice of nondiscrimination, visit <http://wdcrobcop01.ed.gov/CFAPPS/OCR/contactus.cfm> for the address and phone number of the office that serves your area or call 1-800-421-3481.

For additional prohibited discrimination and related information, please review school district policy regarding Nondiscrimination

## **SECTION ONE:**

### GENERAL INFORMATION ABOUT THE ACTIVITIES PROGRAM

#### **Academic Eligibility**

To be eligible to participate in the school's activity programs, each student must (1) meet Nebraska State Activities Association (NSAA) requirements concerning scholastic eligibility (see Section Three of this Handbook), (2) be registered for 20 credit hours per semester and be in regular attendance, and (3) have not less than a 70% grade in one or more classes for a period of one week to remain eligible to participate in any portion of the activities program. Participants must attend practices and participate in all conditioning during any period of ineligibility.

The school district will notify a participant and his or her parents whenever the participant is declared academically ineligible.

Students may not participate in any activity, performance or travel with the team or sit on the bench while serving a short-term suspension, long-term suspension, or expulsion from school. This includes students that fail to meet weekly eligibility requirements and have violated the random drug testing policy.

#### **Attendance at Practices and Contests**

Participants in the activities program are expected to attend and be on time for school, practices and meetings scheduled by the coach or sponsor. Participants may be excused for absences resulting from a participant's illness, a death in the family, a doctor's appointment, a court appearance, or other absences that are arranged in advance. The coach, sponsor, or director of an activity may require a participant who has an excused absence to complete an alternate assignment for missing a practice, meeting, event, performance, or contest. A participant who is unable to attend a scheduled practice, meeting, or game must contact the coach or sponsor in advance. Students who are absent from school due to illness are not required to provide the coach or sponsor with additional notification of the student's absence from practice.

Students who are absent from school for any part of the day will not be permitted to practice or participate in an athletic contest or activity performance unless the student has the building principal's prior permission to participate despite the absence. Students who are chronically tardy to 1st period or are absent for 1st period to avoid the tardy may be dealt with on an individual basis. Consequences may result in not being able to practice, participate in contests, and removal from the activity.

If a participant misses a scheduled contest or performance, the coach or sponsor may impose discipline up to and including suspension of the participant from the activity for the remainder of the season or length of the activity.

### **Closings**

Unless the administration determines that it is permissible for the activity to continue as scheduled, all activities will be canceled or postponed in the event that school has been called off for inclement weather or any other reason as determined by the administration. Unless the administration determines that it is permissible for the activity to continue as scheduled.

### **Colors**

The Potter-Dix School colors are scarlet, silver, and white.

### **Complaint Procedure**

To reduce conflicts in the school's activities program, students and/or their parents should use the district's formal complaint procedure to manage conflicts about the program. The complaint procedure is printed in the school's student handbook and may be found on the district's web site: [www.pdcoyotes.org](http://www.pdcoyotes.org).

### **Concussion Awareness**

The Nebraska Unicameral has found that concussions are one of the "most commonly reported injuries in children and adolescents who participate in sports and recreational activities and that the risk of catastrophic injury or death is significant when a concussion or brain injury is not properly evaluated and managed."

The School District will:

1. Require all coaches and trainers to complete one of the following on-line courses on how to recognize the symptoms of a concussion or brain injury and how to seek proper medical treatment for a concussion or brain injury:

· Heads UP Concussions in Youth Sports

- Concussion in Sports—What You Need to Know
  - Sports Safety International
  - Concussion Wise
  - ACTive™ Athletic Concussion Training for Coaches; and
1. On an annual basis provide concussion and brain injury information to students and their parents or guardians prior to such students initiating practice or competition. This information will include:
    - 1 The signs and symptoms of a concussion;
    - 2 The risks posed by sustaining a concussion; and
    - 3 The actions a student should take in response to sustaining a concussion, including the notification of his or her coaches.

A student who participates on a school athletic team must be removed from a practice or game when he/she is reasonably suspected of having sustained a concussion or brain injury in such practice or game after observation by a coach or a licensed health care professional who is professionally affiliated with or contracted by the school. The student will not be permitted to participate in any school supervised team athletic activities involving physical exertion, including practices or games, until the student:

- a. has been evaluated by a licensed healthcare professional;
- b. has received written and signed clearance to resume participation in athletic activities from the licensed healthcare professional; and
- c. has submitted the written and signed clearance to resume participation in athletic activities to the school accompanied by written permission to resume participation from the student's parent or guardian.

If a student is reasonably suspected after observation of having sustained a concussion or brain injury and is removed from an athletic activity, the parent or guardian of the student will be notified by the school of:

- a. the date and approximate time of the injury suffered by the student,
- b. the signs and symptoms of a concussion or brain injury that were observed, and
- c. any actions taken to treat the student.

The school district will not provide for the presence of a licensed health care professional at any practice or game.

School officials shall deem the signature of an individual who represents that he/she is a licensed health care professional on a written clearance to resume participation that is provided to the school to be conclusive and reliable evidence that the individual who signed the clearance is a licensed healthcare professional. The school will not take any additional or independent steps to verify the individual's qualifications.

## **Dances**

School dances are part of the district's extracurricular activity program. Students who wish to participate in school dances must comply with the activity code. Students may be prohibited from participating in school dances as a consequence for violating school rules or these activity rules.

### **Junior High/Middle School Dances**

Junior high/middle school (7-8) dances are restricted to students currently enrolled in the junior high school and will be sponsored by junior high teachers and parents. Any organization wishing to sponsor a junior high dance must obtain permission from the principal regarding date and times. Each dance must be sponsored by at least two faculty members and one additional adult couple. Once admitted to the dance, students must remain until the close of the dance. Students who leave the dance will not be readmitted. Students who are academically ineligible will not be allowed to attend school dances.

### **High School Dances**

All high school dances are restricted to Potter-Dix High School students and their guests. Any organization wishing to sponsor a dance must obtain permission from the principal regarding date and times. Each dance must be sponsored by at least two faculty members and one additional adult couple. Once admitted to the dance, students must remain until the close of the dance. Students who leave the dance will not be readmitted. Students who are academically ineligible will not be allowed to attend school dances.

### **Homecoming and Prom**

The Homecoming dance is open to students and guests of Potter-Dix High School.

The Junior/Senior Prom is open to students and guests of the Potter-Dix High School. Guests must follow all rules that the students must follow. Each student is responsible for his/her guest's conduct. Appropriate attire is required for these dances.

### **Electronic Communication**

The school board supports the use of technology by coaches, extracurricular sponsors, and other staff members to communicate with students for legitimate educational, extracurricular, and other school-related purposes. However, electronic communication between students and teachers, sponsors, and coaches shall be appropriate at all times and shall not violate any law, district policies, or the Regulations and Standards for Professional Practices Criteria, commonly known as Rule 27 of the Nebraska Department of Education ("Rule 27"). Please see the Social Media Policy for School District Employees for further explanation.

### **Equipment**

Each participant in the athletic portion of the activities program will be issued a locker to store his/her personal belongings and school equipment that has been checked out. Students should secure their athletic lockers with combination locks.

School-owned clothing or equipment that is checked out to individual students remains the property of the school. The clothing or equipment is not to be used or worn by the student except for the intended use. Each piece of equipment or clothing is to be returned to the instructor or coach when the season or the use for such clothing or equipment is over. Each participant is responsible for all equipment checked out to him/her. All school-issued equipment from a previous season must be checked in prior to the student starting a new season.

### **Fundraising**

All school-sponsored fundraising activities must be approved by a member of the school district administration. Fundraising for any activity must comply with the district's policies, including applicable provisions specifically pertaining to Booster Clubs and PTOs for non-school-sponsored fundraising. Use of the school mascot shall not be permitted unless approved by the activities director.

### **Individual Training Rules and Rules of Conduct**

Head coaches or sponsors may develop additional training rules or rules of conduct for their activity with activities director approval. Students are responsible for knowing these rules and complying with them.

### **Initiations and Hazing**

Initiations and hazing by members of classes, clubs, athletic teams, or any other organization affiliated with the district are prohibited except as otherwise permitted by this policy. Any student engaging in hazing or non-approved initiations is subject to discipline as permitted by policy and law.

Initiations are defined as any ritualistic expectations, requirements, or activities placed upon new members of a school organization for the purpose of admission into the organization, even if those activities do not rise to the level of "hazing" as defined below. Initiations are prohibited except by permission of the superintendent.

Hazing is defined as any activity by which a person intentionally or recklessly endangers the physical or mental health or safety of an individual for the purpose of initiation into, admission into, affiliation with, or continued membership in any school organization. Hazing activities include, but are not limited to, whipping, beating, branding, an act of sexual penetration, an exposure of the genitals of the body done with the intent to affront or alarm any person, a lewd fondling or caressing of the body of another person, forced and prolonged calisthenics, prolonged exposure to the elements, forced consumption of any food, liquor, beverage, drug, or harmful substance not generally intended for human consumption, prolonged sleep deprivation, or any brutal treatment or the performance of any unlawful act that endangers the physical or mental health or safety of any person.

### **Injuries**

Participants who suffer any type of injury while involved in extracurricular activities must notify the coach or sponsor immediately. The coach or sponsor will then evaluate the injury and, if necessary, notify the participant's parents or seek immediate medical treatment.

If at any time during participation a doctor removes an athlete from participation because of an illness or injury, the athlete must have a written release from a doctor before participating again. The written release must be given to the coach or sponsor of the activity.

Note: The release requirement will be satisfied if the initial doctor's order specifies the duration of the student's restriction from participation and/or competition. Also see Concussion Awareness above.

### **Insurance**

The school district does not provide medical or other insurance coverage for students who participate in athletic contests or other activities. It is the parents' responsibility to provide adequate insurance to cover any medical expenses that may be incurred while the student is participating in athletics or other activities.

The school district makes an accident insurance plan available for purchase by participants and their families through an authorized insurance agent. Information about policies which families may purchase will be available prior to each sports season and at fall registration.

### **Lettering Requirements**

The guidelines to determine students' eligibility for lettering will be approved by administration and distributed to students at the beginning of each season.

### **Mascot**

The official emblem for boys' and girls' athletic teams is the coyote. The mascot cannot be used for non-school-sponsored purposes unless approved by the activities director.

### **Practices**

The individual head coach or sponsor, in cooperation with the high school principal, will schedule all starting times of practices. All participants are expected to be ready at the time set by the coach or sponsor.

To be eligible to practice, a participant must satisfy the following requirements:

1. Submit to the coach or sponsor a signed physical form and Activities Code that verifies that a physical examination has been completed and that the student and parent(s) understand the school's position regarding the use or possession of alcohol, tobacco, and other related drugs.
2. Furnish the high school principal with proof of insurance. As well as the NSAA consent form.

### **Secret Organizations**

Secret organizations are prohibited. School officials shall not allow any person or representative of any such organization to enter upon school grounds or school buildings for the purpose of rushing or soliciting students to participate in any secret fraternity, society, or association.

### **Student Manager, Helpers, or Activity Aids**

Students wishing to serve as student volunteers for extracurricular activities must gain the permission of the activity coach or sponsor. Student volunteers must comply with all of the rules and procedures contained in this handbook.

### **Sunday and Wednesday Night Activities**

In order to provide students sufficient time away from school for family-related activities, the school will endeavor not to schedule activities on Wednesday evenings or on Sundays. Practices will be organized so that all participants are showered, dressed, and/or leave the facilities by 6:00 p.m. on Wednesday nights. An exception to this guideline would be when a team, group of students, or an individual may be required to participate in an activity sponsored by the conference, district, or state on a Wednesday night.

The school does not allow Sunday practice sessions, except when a varsity team, group of students, or individual is scheduled to compete or perform on a Monday. Practices scheduled for a Sunday must have the prior approval of the activities director or building principal.

### **Transportation**

All participants are expected to ride to and from away activities by means of approved school transportation.

A participant may ride home with his or her parent/guardian only if the parent/guardian personally contacts the sponsor at the activity. Parents are discouraged from requesting to take their children home after an away contest or performance. Travel to and from an event provides time for the students to further develop a strong team concept.

Students who wish to take private transportation home from a school event must submit a release form to the sponsor that has been signed by that student's parent.

### **Weight Room**

The weight room has been developed to help each athlete, student, or adult in the community maintain a level of physical fitness. No one may use the weight room or equipment without proper supervision. The school will develop a schedule for use of the weight room by athletes during the school year and during the summer months.

The weight room is a high demand area within the school facilities. The following guidelines will help determine the priorities in reference to use if more than one group desires to use the facility at the same time:

1. Physical education instruction
2. By the team sports, which are in season
3. Conditioning programs for athletes not currently out for a sport
4. Summer conditioning programs
5. Adult education

## **SECTION TWO:**

### AVAILABLE ACTIVITIES

#### **Athletic Teams**

Basketball (boys and girls)

Football

Golf

Track (boys and girls)

Volleyball

#### **Cheer Squad**

Participants are selected by the sponsor(s) or judges appointed by the sponsor. Members of the cheer squad will attend all home and selected away athletic contests.

#### **Future Farmers of America (FFA)**

FFA is an integral part of the agricultural education department and all students of that department are urged to belong. The activities include training in leadership, opportunities for travel and recreation, and safety and community service activities. Students may participate in field trips, conventions, judging contests, and hands-on experience.

#### **Letter Club**

Any student who has lettered in any sport is eligible for membership. The purpose of the Club is to stimulate and encourage sportsmanship and to assist in bringing about a closer bond between students in all sports.

#### **National Honor Society**

The National Honor Society is a national organization that recognizes student character, scholarship, leadership, and service to the school.

Student members shall be selected from the junior and senior classes by the high school faculty. Ten percent of the Junior and Senior classes will be selected each year. The results of the selection will be announced at an honors convocation.

#### **Play Production (One Act)**

The purpose of this activity is to create an understanding and appreciation by students of good dramatic literature and production, and to instruct students in acting and play production.

### **Speech Team**

Students compete in 12 different categories of competition. These include debate, current events speaking, and several theatre-type acting events.

### **Student Publications**

The yearbook is published by the Journalism class along with the help of its teacher. The annual is financed partially by funds raised from the sale of the books.

## **SECTION THREE:**

### **NEBRASKA STATE ACTIVITY ASSOCIATION RULES**

#### **Eligibility**

In order to represent a high school in interscholastic athletic competition, a student must abide by eligibility rules of the Nebraska School Activities Association. Eligibility requirements are established by the NSAA in its Constitution and its Bylaws and Approved Rulings. These documents can be found online at <https://nsaahome.org/constitution-bylaws/>. A summary of the major rules is given below. Contact the principal, activities director or the activity sponsor or coach for an explanation of the complete rule.

1. Student must be a *bona fide* student of their member school and have not graduated from any high school.
2. After a student's initial enrollment in grade nine, he/she shall be ineligible after eight semesters of school membership beginning with his/her enrollment in grade nine.
3. Student is ineligible if nineteen years of age before August 1 of current school year. (Student in grades 7 or 8 may participate on a high school team if he/she was 15 years of age prior to August 1 of current school year.)
4. Student must be enrolled in some high school on or before the eleventh school day of the current semester.
5. Student must be continually enrolled in at least twenty credit hours per semester and regular in attendance, in accordance with the school's attendance policy at the school he/she wishes to represent in interscholastic competition.
6. Student must have been enrolled and received twenty hours of credit in school the immediate preceding semester.

7. Guardianship does not fulfill the definition of a legal parent. If a guardian has been appointed for a student, the student is eligible in the school district where his/her legal parent(s) have their domicile. Individual situations involving guardianship may be submitted to the Executive Director for review and a ruling.

8. A student entering grade nine for the first time after being promoted from grade eight of a two-year junior high, or a three-year middle school, or entering a high school for the first time after being promoted to grade ten from a three-year junior high school is eligible. After a student makes an initial choice of high schools, any subsequent transfer, unless there has been a change of domicile by his/her parents, shall render the student ineligible for ninety school days. If a student has participated on a high school team at any level as a seventh, eighth, or ninth grade student, he/she has established his/her eligibility at the high school where he/she participated. If the student elects to attend another high school upon entering ninth or tenth grade, he/she shall be ineligible for ninety school days.

9. Student eligibility related to domicile can be attained in the following manners:

a. If the change in domicile by the parents occurs during a school year, the student may remain at the school he/she is attending and be eligible until the end of the school year or transfer to a high school located in the school district where the parents established their domicile and be eligible.

b. If the domicile is changed during the summer months and the student is in grade twelve and the student has attended the high school for two or more years, the student may remain at the high school he/she has been attending and retain eligibility.

c. If a student elects to remain at the same high school initially enrolled after being promoted from grade eight of a middle or junior high school, or grade nine of a junior high school, he/she is eligible at that school, or is eligible at a high school located within the school district in which the parents established their domicile.

d. If the legal parents of a student change their domicile from one school district that has a high school to another school district that has a high school, the student shall be eligible immediately in the school district where the parents established their domicile.

10. Nebraska transfer students whose name appears on the NSAA transfer list prior to May 1 shall be eligible immediately in the fall at the transfer high school. Those students whose name does not appear on the NSAA transfer list prior to May 1 shall be ineligible for ninety school days, with such transfers being subject to hardship waiver guidelines.

11. Nebraska transfer students must have signed and delivered all forms necessary to make such transfer to the school in which he/she intends to enroll for the 2020-21 school year prior to May 1, 2020; for the student to be eligible, the school to which the transfer is being made must have notified the NSAA office via an NSAA online transfer form, no later than May 1, 2020. The student would become ineligible for ninety school days the next fall if the student were to change

his/her mind and decide not to transfer. If such student were to transfer to the new school, but later decides to return to his/her former district before 90 school days have elapsed, such student will be ineligible in the former district for 90 school days, with the ineligibility period commencing at the start of the fall semester. Those students who did not have their enrollment forms signed, delivered, and accepted prior to May 1, 2020, shall be ineligible for ninety school days, with such transfers being subject to hardship waiver guidelines.

12. Once the season of a sport begins, a student shall participate in practices and compete only in athletic contests/meets in that sport, which are scheduled by his/her school. Any other competition will render the student ineligible for a portion of, or all of, the season in that sport. The season of a sport begins with the first date of practice as permitted by NSAA rules.

13. During the season of a particular sport, athletes participating in that sport for a high school may attend, but may not physically take part, either as an individual or as a member of a team, in the sport activity in which instruction is being offered in the clinic, camp, or school. (\*Refer to NSAA Bylaw 3.5.1.1 for exception in Swimming and Diving.)

14. A student shall not participate on an all-star team while a high school undergraduate.

15. A student must maintain his/her amateur status.

### **NSAA Sportsmanship Rules**

Students must abide by the Nebraska School Activities Association Sportsmanship Rules. A complete copy of these rules can be found at <http://www.nsaahome.org/nsaaforms/pdf/manualsp.pdf>. Unsportsmanlike conduct shall include physical or verbal assault upon any participant, game official, or spectator, or any acts that may endanger the personal safety of individuals involved, or acts which hinder the normal progress of a contest or lead to the restriction or discontinuance of a contest.

If a student, participant, patron, and/or staff member representing a member school acts in a manner constituting unsportsmanlike behavior during competition the member school and/ or individuals shall be subject to penalties. A student, participant, patron, and/or staff member may not be permitted to attend activities if involved in unsportsmanlike conduct.

## **SECTION FOUR: CODE OF CONDUCT**

All students associated with Potter-Dix Public Schools and participating in extracurricular or school sponsored activities (including all NSAA activities) are required to avoid conduct that is detrimental to the integrity of, and public

confidence in, the school. Rules promoting lawful, ethical, and responsible conduct serve the interests of all people associated with the school. Illegal and irresponsible conduct puts people at risk, tarnished the reputation of the offender and everyone else associated with the school, and undermines the public support and respect of the school district.

**Standard of Conduct.** Participation in school-sponsored or extracurricular activities is a privilege and not a right. Participants must follow board policy, this code, and all the training rules and rules of conduct of the coaches and/or activity sponsors. Students participating in school-sponsored or extracurricular activities are held to a high standard. Students are expected to conduct themselves in a way that is lawful, responsible, promotes the values upon which the school is based, and that brings credit to themselves and the school. Students who fail to live up to the required standard of conduct are guilty of detrimental conduct and subject to discipline under all school policies, the general student code of conduct, and these Activity Participation Rules.

**Coach and Sponsor Rules.** Coaches and/or activity sponsors shall establish training rules or rules of conduct for participation in or attendance at the activity or event. General training rules or rules of conduct shall be established prior to the activity or event. This Code shall control in the event that there is a conflict with coach or sponsor rules.

**Prohibited Conduct.** Students in school-sponsored and/or extracurricular activities may not engage in the following conduct:

1. Receipt of a criminal citation by law enforcement for any reason.
2. Conviction of a crime in adult court or the adjudication of a criminal charge in juvenile court.
3. Any behavior that is illegal under the laws of Nebraska or the United States of America regardless of whether it results in a criminal charge or conviction.
4. Any conduct that substantially interferes with the educational process or disrupts the activity or event.
5. Possession, consumption, use, distribution, or being under the influence of alcohol, illicit drugs, tobacco, controlled substances, or any lookalike or imitations thereof; or being in the presence of alcohol, illicit drugs, controlled substances, or any lookalike or imitations thereof that are being possessed, consumed, used, or distributed by any person under twenty-one (21) years of age without parental supervision. "Lookalike or imitations" means substances such as K2 and products like electronic nicotine delivery systems, vapor pens, etc. (Note: the term "under the influence" for school purposes has a less strict meaning than it does under criminal law; for school purposes, the term means any level of impairment and includes even the odor of alcohol on the breath or person of a student; also, it

includes being impaired by reason of the use or abuse of any substance for the purpose of inducing a condition of intoxication, stupefaction, depression, giddiness, paralysis, inebriation, excitement, or irrational behavior, or in any manner changing, distorting, or disturbing the auditory, visual, mental, or nervous processes).

6. Engaging in initiations, defined as any ritualistic expectations, requirements, or activities placed upon new members of a school organization for the purpose of admission into the organization, even if those activities do not rise to the level of "hazing" as defined below. Initiations are prohibited except by permission of the superintendent.

7. Engaging in hazing as defined by state law and this policy. Hazing is defined as any activity by which a person intentionally or recklessly endangers the physical or mental health or safety of an individual for the purpose of initiation into, admission into, affiliation with, or continued membership in any school organization. Under state criminal law, hazing activities include, but are not limited to, whipping, beating, branding, an act of sexual penetration, an exposure of the genitals of the body done with the intent to affront or alarm any person, a lewd fondling or caressing of the body of another person, forced and prolonged calisthenics, prolonged exposure to the elements, forced consumption of any food, liquor, beverage, drug, or harmful substance not generally intended for human consumption, prolonged sleep deprivation, or any brutal treatment or the performance of any unlawful act that endangers the physical or mental health or safety of any person. For purposes of school rules, hazing also includes any activity expected of someone joining a group, team, or activity that humiliates, degrades or risks emotional and/or physical harm, regardless of the person's willingness to participate; personal servitude; restrictions on personal hygiene; yelling, swearing and insulting new members/rookies; being forced to wear embarrassing or humiliating attire in public; consumption of vile substances or smearing of such on one's skin; binge drinking and drinking games; sexual simulation and sexual assault.

8. Bullying which shall include cyber-bullying, defined as the use of the internet, including but not limited to social networking sites such as Facebook, cell phones or other devices to send, post, or text message images and material intended to hurt or embarrass another person. This may include, but is not limited to; continuing to send e-mail to someone who has said they want no further contact with the sender; sending or posting threats, sexual remarks, or pejorative labels (i.e., hate speech); ganging up on victims by making them the subject of ridicule in forums; posting false statements as fact intended to humiliate the victim; disclosure of personal data, such as the victim's real name, address, or school at websites or forums; posing as the identity of the victim for the purpose of publishing material in their name that defames or ridicules them; sending threatening and harassing text, instant messages, or emails to the victims; and posting or sending rumors or gossip to instigate others to dislike and gang up on the target.

9. Using any Internet or social networking websites to make statements, post pictures, or take any other actions that are indecent, vulgar, lewd, slanderous, abusive, threatening, harassing, or terrorizing.
10. Violating any school policy, handbook provision, or a coach's or activity sponsor's training rules or rules of conduct.
11. Dressing or grooming in a manner which is (A) dangerous to the student's health and safety or a danger to the health and safety of others, (B) lewd, indecent, vulgar, or plainly offensive, (C) materially and substantially disruptive to the work and discipline of the school or an extracurricular activity, (D) interpreted to advocate the use of illegal drugs or other substances by a reasonable observer.
12. Failing to report for an activity at the beginning of a season unless excused by the coach or activity sponsor.
13. Failing to attend scheduled practices and meetings unless excused by the coach or activity sponsor.

Such conduct is prohibited year-round regardless of whether it occurs on-campus or off-campus. However, punishment for violations that occur during the summer break shall be administered by the administration at his or her discretion.

**Discipline.** Students who violate any provision of these Activity Participation Rules may be subject to discipline up to and including expulsion from extracurricular activities and school sponsored events. (including but not limited to graduation ceremonies and related activities). These disciplinary consequences and this Activity Code of Conduct are in addition to and do not prejudice, diminish, impede, or reduce any discipline that is authorized by the Nebraska Student Discipline Act, Neb. Rev. Stat. §§ 79-254 to 79-294, Board Policy, or the Student Handbook. Disciplinary action may include a probationary period and conditions that must be satisfied prior to or following reinstatement. Administrators and coaches will take the following into consideration when making disciplinary decisions:

1. Any prior or additional misconduct;
2. The nature and seriousness of the offense;
3. The motivation for the offense;
4. The amount of violence involved;
5. The student's demeanor and attitude regarding the violation;
6. The actual, threatened, or potential risk to the student and others due to the student's behavior;
7. Whether the student has compensated or will compensate the victim in the event of property damage or personal injury;
8. Whether the circumstances of the violation are likely to recur;
9. The student's willingness to participate in evaluations, counseling, or other programs;

10. Any mitigating factors;
11. Any other relevant factors.

If suspended, the student must continue to participate in practices and conditioning during the suspension if required by the coach or activity sponsor. The failure to comply with the practice and conditioning requirement will make the student ineligible for reinstatement to the activity.

**Evaluation, Counseling, and Treatment.** Apart from any other disciplinary procedures, students who violate any provision of these rules may be required to undergo a formal clinical evaluation at the administration's discretion. Based upon the results of that evaluation, the student may be encouraged or required to participate in an education program, counseling, or other treatment deemed appropriate by the evaluating professional.

**Reporting of Incident.** Students shall report any violation of these rules to the coach, principal, or superintendent no later than 30 minutes after the beginning of the next school day after the violation has occurred. Failure to report an incident will constitute a violation of these rules and will be taken into consideration in making disciplinary determinations under this policy.

**Discipline Procedures.** Prior to any disciplinary action under this activities code, the following procedures shall be followed:

As used in this "Discipline Procedures" section, "Investigator" means the activities director has authorized to perform the duties and responsibilities of "Investigator" as described below.

1. The Investigator shall make an investigation of alleged violation and provide an opportunity for the student to present his or her version of the facts surrounding the alleged violation.
2. The Investigator shall consider all information obtained as a result of the investigation, including information obtained from the student, and shall render a decision regarding disciplinary action. Within a reasonable period of time of the Investigator's decision, the student and his/her parent or guardian shall be given written notice of the disciplinary action taken by the Investigator.

**Review of Investigator's Decision.** A student or the student's parents may, within five (5) school days of the notice of disciplinary action from the Investigator, notify the superintendent in writing of their request for a review of the coach or activity sponsor's determination. The superintendent or his or her designee shall review the situation and render a decision within three (3) school

days from the date of the request for review. The superintendent's decision shall be in writing and shall be final.

**Misrepresentations.** Any misrepresentation of fact by a student regarding any alleged violation of these rules shall be considered a separate violation of these rules, and the student shall be subject to additional disciplinary action.

**Questions.** Any parent or student who has questions about board policy, this code, training rules, or rules of conduct of coaches or activity sponsors, or their interpretation or application shall consult with the activities director and/or the superintendent.

**Assistance.** Students are encouraged to consult with their coach, an administrator, a counselor, or a teacher to obtain access to educational, counseling, and other programs and resources that may be available to help avoid misconduct that may result in discipline under this policy.

## **Extracurricular Drug Testing Program**

The school district supports and values student participation in extracurricular activities, but such participation in school district extracurricular activities is a privilege and not a right. Students in all extracurricular activities in grades 9-12 shall be subject to mandatory and random testing for the presence of alcohol or illegal drugs.

### **1. Purpose of Random Drug Testing**

- a.** The school district has recognized that observed and suspected drug and alcohol use and abuse has increased among the student population, including students participating in extracurricular activities.
- b.** The school district seeks to provide safe, drug-free schools.
- c.** The school district seeks to deter the use of illegal and prohibited drugs and alcohol among students.
- d.** The school district recognizes that students who use illegal and prohibited drugs pose a threat to the health and safety of themselves, other students, teachers, administrators, and other persons.
- e.** The school district finds that the drug and alcohol problem among the student body will be effectively addressed by making sure that the large number of students participating in extracurricular activities do not use drugs and alcohol.

### **2. Notice.** Each student who participates or seeks to participate in

extracurricular activities shall be given a copy of this policy. This policy may also be included in the student handbook.

**3. Drug Testing Coordinator.** The Drug Testing Coordinator shall be the Activities Director or his or her designee unless otherwise indicated.

**4. Extracurricular Activities.** This policy applies to any activity that meets the guidelines of an extracurricular activity at the school district which includes but is not necessarily limited to the following:

Basketball	Cheerleading	Dance
Student Manager	Student Council	Speech
One Act Plays	Quiz Bowl	Track
Volleyball	NHS	Golf
Football	FFA	Band/Choir

**5. Students Who Are Required to Submit to Drug Testing**

**a. Grades.** All students in grades 9-12 who participate in any extracurricular activity or competition are part of the pool subject to random drug testing.

**b. Consent.** A student and his or her parent(s)/guardian(s) must sign a consent form before the student shall be eligible to try out for, practice with, or participate in the extracurricular activity. The consent form is attached to this policy.

**c. Selection Pool Eligibility.** Students shall remain in the selection pool for an entire school year from the date the consent form is received by the school district.

**d. Withdrawal.** Students who have a consent form on file remain eligible for drug tests from the date the consent form is received by the school district and throughout the remainder of the school year or until the student files a Withdrawal of Student from Activity form signed by the student and his or her parent(s)/guardian(s). Upon withdrawal, the student shall not be eligible to participate in any activity that is subject to drug testing for the remainder of the school year. A student who files a Withdrawal of Student from Activity form after selected for a random drug test but before submitting to the test or after testing positive shall be ineligible to participate in any extracurricular activities for one calendar year from the date the Withdrawal of Student from Activity form is received by the Drug Testing Coordinator.

**6. Drugs.** Students participating in extracurricular activities are prohibited from using, possessing, distributing, manufacturing, or having drugs present in their system. Any of the above circumstances will be

considered as a positive drug test. "Drugs" means:

- a. Any substance considered illegal by the Uniform Controlled Substances Act, Neb. Rev. Stat. § 28-401 *et seq.*
- b. Any substance which is controlled by the Food and Drug Administration unless prescribed to the student by any licensed medical practitioner authorized to prescribe controlled substances or other prescription drugs;
- c. Alcohol for any student under the age of 21. Alcohol shall have the meaning as provided in NEB. REV. STAT. § 48-1902(1).

## **7. Testing Procedures**

- a. **Student Selection.** All students who participate in extracurricular activities and submit a consent form will be included in a master list and will be subject to random drug screening. The master list shall be submitted to the company employed by the district to conduct the testing.
- b. **Parental Request.** Students who do not participate in extracurricular activities may be added to the random drug screening master list upon parental request. Upon completion of the required consent forms. The school will add the student to the master list for one-calendar year or until a Withdrawal of Student from Activity form is completed.
- c. **Type of Test.** The school district reserves the right to utilize urinalysis and/or mouth swab testing procedures. Urine and/or mouth swab samples which screen positive will be confirmed by GC/MS. Positive breath alcohol tests will be confirmed by EBT (Evidential Breath Tester).
- d. **Collection Site.** The Drug Testing Coordinator will designate the collection site at which students will provide specimens. The collection site may be off the premises of the school district.
- e. **Collection Procedures.** The school board will select a Drug Program Administrator (DPA). The DPA shall randomly select the students subject to drug testing from the master list. The DPA will maintain and follow generally accepted industry standards for collecting, maintaining, shipping, and accessing all specimens. The DPA will seek to obtain the sample in a manner designed to insure accurate testing protocols while minimizing intrusion into a student's privacy. The DPA and the school district will provide a copy of the collection procedures upon request.
- f. **Drugs.** Students may be randomly tested for any drugs, including but not limited to alcohol, amphetamines, marijuana or cannabinoids, cocaine, methadone, methaqualone, propoxyphene, hallucinogens,

opiates, phencyclidine, synthetic opiates and PCP, steroids, barbiturates, benzodiazepines, alcohol, nicotine, cotinine, and any prescription drug that was obtained without proper authorization.

**g. Results.** The DPA shall notify the student and the Drug Testing Coordinator of any positive test after the initial screening. The school representative shall notify the student's parents. The DPA will use a secure method to transmit all positive test results to the DPA's Medical Review Officer (MRO). The MRO will be certified by an MRO accreditation body. The MRO will be responsible for reviewing test results and determining whether the use of a substance identified by the sample analysis is from illicit use or a legitimate medical use. Prior to making a final decision, the MRO or his or her assistant shall contact the student and his or parent(s)/guardian(s) to discuss the result either face-to-face or over the telephone. If the MRO determines the test results are negative, no further action shall be taken against the student. The MRO will report results of verified positives to the DPA. The DPA shall then notify the Drug Testing Coordinator of the positive test result. The Drug Testing Coordinator shall notify the student and his or her parent(s)/guardian(s) and any staff members responsible for implementing the consequences of this policy.

**h. Request for a Retest.** A split specimen will be collected for all testing methods, with the exception of alcohol testing. A positive alcohol test will be confirmed with an EBT device. A student's parent(s)/guardian(s) may request that the split specimen be tested at a second nationally certified laboratory from a list provided by the MRO. The request for the test must be submitted in writing to the MRO (with a copy sent to the Drug Testing Coordinator) within 72 hours of being notified of the final testing result. The student and his or her parent(s)/guardian(s) must pay the associated costs for an additional test in advance. The costs will be reimbursed if the result of the split sample test is negative. The student will remain subject to the consequences of this policy during the retesting procedure.

**8. Negative Tests.** Students and their parents will receive verbal or written notice when the student's test result is negative.

**9. Consequences for Testing Positive.** Whenever the test results indicate the presence of drugs, the Drug Testing Coordinator shall schedule and hold a confidential meeting with the student, parent/guardian, and sponsor/coach. Other members of the school's administration may also attend the meeting. At the meeting, the Drug Testing Coordinator shall explain the drug testing procedures and the policy of the district. **All offenses are cumulative.** The consequences shall be as follows:

**a. First Offense**

- i. The student shall be required to attend practice.
- ii. The student will be ineligible to publicly perform in any extracurricular activity for 10 school days. The day of the positive test result shall be the first day for counting purposes. If the end of the activity precedes the end of the 10 school days, the remaining days will carry over to the next activity so the student completes the required number of days.
- iii. The student shall attend a drug and alcohol counseling or educational program as arranged or approved by the Principal or designee.

**b. Second Offense**

- i. The student shall be required to attend practice.
- ii. The student will be ineligible to publicly perform in any extracurricular activity for 45 school days. The day of the positive test result shall be the first day for counting purposes. If the end of the activity precedes the end of the 45 days, the remaining days will carry over to the next activity so the student completes the required number of days.
- iii. The student shall attend a drug and alcohol counseling or educational program as arranged or approved by the Principal or designee.
- iv. The student must submit to a district administered test and test negative before returning to the activity. The student will be subject to follow-up drug tests at least one time per month for the next 2 months or end upon graduation.

**c. Third and any subsequent offense**

- i. The student will be ineligible to practice or publicly perform in any extracurricular activity for the remainder of the school year or end upon graduation. The day of the positive test result shall be the first day for counting purposes.
- ii. The student must submit to a district administered test and test negative before returning to the activity. The student will be subject to follow-up drug tests at least one time per month for the next 6 months or end upon graduation.

**10. Refusal to Test**

A student who refuses to submit to a drug test authorized under this policy, or fails or refuses to comply with any other provision of this policy, shall be deemed to have submitted a positive test.

**11. Tampering**

Tampering is the use of any agent or technique which is designed to avoid detection of a drug and/or compromise the integrity of a drug test and is prohibited. This includes providing false urine samples (for example, urine substitution), contaminating the urine sample with chemicals or chemical products, the use of diuretics to dilute urine samples, and the use of masking. If the Drug Testing Coordinator determines that a student tampered with a drug test, the student shall be deemed to have submitted a positive test.

The use of any such agent or technique shall be treated as a positive test for drugs prohibited by this Policy and shall be subject to the penalties set forth in Section 9 of this Policy.

**12. Maintenance of Records**

All results of drug testing shall be confidential. Procedures for maintaining confidentiality will be developed by the school district and the testing organization.

The Drug Testing Coordinator shall maintain records of positive tests in a secure location. This information will not be available to anyone other than appropriate school personnel and parents. This information will be destroyed upon the student's graduation or one year after the student's class graduates. Under no circumstances will this information become a part of the student's permanent file, nor will it be sent to another school when the student moves to another district or transfers to another school. The school district will not share drug testing results with any law enforcement agencies.

**13. Appeal.**

The school district will rely solely upon the opinion of the MRO to determine whether the positive test result was the result of the consumption of a drug. There shall be no appeal of the test result to any school administrator or the board of education.

**14. Severability**

If any portion of this policy is deemed to be contrary to the law of the state of Nebraska or the United States by judicial decision or an act of Congress, then only such portion or provision directly deemed to be unconstitutional shall be stricken, and the remainder of the policy shall remain in full force.

## **A Parent's Guide to Concussions**

### **WHAT IS A CONCUSSION?**

A concussion is a brain injury that results in a temporary disruption of normal brain function. A concussion occurs when the brain is violently rocked back and forth or twisted inside the skull as a result of a blow to the head or body. An athlete does not have to lose consciousness ("knocked-out") to suffer a concussion.

### **CONCUSSION FACTS**

- It is estimated that more than 140,000 high school athletes across the United States suffer a concussion each year. (Data from NFHS Injury Surveillance System).
- Concussions occur most frequently in football, but girl's lacrosse, girls' soccer, boy's lacrosse, wrestling, and girls' basketball follow closely behind. All athletes are at risk.
- A concussion is a traumatic injury to the brain.
- Concussion symptoms may last from a few days to several months.
- Concussions can cause symptoms that interfere with school, work, and social life.
- Athletes who have symptoms from a concussion should not return to sports because they are still at risk for prolonging symptoms and further injury.
- A concussion may cause multiple symptoms. Many symptoms appear immediately after the injury, while others may develop over the next several days or weeks. The symptoms may be subtle and are often difficult to fully recognize.

### **WHAT ARE THE SIGNS AND SYMPTOMS OF A CONCUSSION?**

#### Signs Observed by Parents or Guardians

- § Appears dazed or stunned
- § Is confused about assignment or position
- § Forgets an instruction
- § Is unsure of game, score, or opponent
- § Moves clumsily
- § Answers questions slowly
- § Loses consciousness (even briefly)
- § Shows behavior or personality changes
- § Can't recall events prior to hit or fall
- § Can't recall events after hit or fall

#### Symptoms Reported by Athlete

- § Headache or "pressure" in head

- § Nausea or vomiting
- § Balance problems or dizziness
- § Double or blurry vision
- § Sensitivity to light or noise
- § Feeling sluggish, hazy, foggy, or groggy
- § Concentration or memory problems
- § Confusion
- § Does not “feel right”

### **WHAT SHOULD I DO IF I THINK MY CHILD HAS HAD A CONCUSSION?**

An athlete who is suspected of having a concussion must be removed from play immediately, whether it is in a game or practice. Continuing to participate in physical activity after a concussion can lead to worsening concussion symptoms, increased risk of further injury, and even death. Parents and coaches are not expected to be able to “diagnose” a concussion, as that is the job of a medical professional. However, they must be aware of the signs and symptoms of a concussion and if they are suspicious, the child must stop playing:

### **WHEN IN DOUBT – SIT THEM OUT!**

Every athlete who sustains a concussion needs to be evaluated by a health care professional who is familiar with sports concussions. Parents should call their child’s physician, explain what has happened, and follow the physician’s instructions. A child who is vomiting, has a severe headache, or has difficulty staying awake or answering simple questions should be taken to the parent’s doctor or emergency room immediately.

### **WHEN MAY AN ATHLETE RETURN TO PLAY FOLLOWING A CONCUSSION?**

No athlete who has suffered a concussion should return to play or practice the same day. Previously, athletes were allowed to return to play if their symptoms resolved within 15 minutes of the injury. Studies have shown that the young brain does not recover quickly enough for an athlete to return to activity in such a short time.

Concerns about athletes who return to play too quickly have led state lawmakers in Oregon and Washington to pass laws stating that no athlete shall return to play on the day he or she suffered a concussion and the athlete must be cleared by an appropriate health care professional before he or she are allowed to return to play in games or practices. The laws also mandate that coaches receive education on recognizing the signs and symptoms of concussion.

Once an athlete is free of symptoms of a concussion and is cleared to return to play by a health care professional knowledgeable in the care of sports concussions, he or

she should proceed with activity in a step-wise fashion to allow the brain to readjust to exertion. On average, the athlete will complete a new step each day. The return-to-play schedule should proceed as below following medical clearance:

*Step 1:* Light exercise, including walking or riding an exercise bike. No weight-lifting.

*Step 2:* Running in the gym or on the field. No helmet or other equipment.

*Step 3:* Non-contact training drills in full equipment. Weight training can begin.

*Step 4:* Full contact practice or training.

*Step 5:* Game play.

If symptoms occur at any step, the athlete should cease activity and be re-evaluated by a health care provider.

### **HOW CAN A CONCUSSION AFFECT SCHOOLWORK?**

Following a concussion, many athletes will have difficulty in school. These problems may last from days to months and often involve difficulties with short and long-term memory, concentration, and organization.

In many cases, it is best to reduce the athlete's class load after the injury. This may include staying home from school for a few days, followed by a lightened schedule for a few days or perhaps a longer period of time if needed. Decreasing the stress on the brain soon after a concussion may reduce symptoms and shorten the recovery period.

### **WHAT CAN YOU DO?**

- Both you and your child should learn to recognize the "Signs and Symptoms" of a concussion as listed above.
- Emphasize to administrators, coaches, teachers, and other parents your concerns and expectations about concussion and safe play.
- Teach your child to tell the coaching staff if he or she experiences such symptoms.
- Teach your child to tell the coaching staff if he or she suspects that a teammate has a concussion.
- Monitor sports equipment for safety, fit, and maintenance.
- Ask teachers to monitor any decrease in grades or changes in behavior that could indicate concussion.
- Report concussions that occurred during the school year to appropriate school staff. This will help in monitoring injured athletes as they move to the next season's sports.

## **OTHER FREQUENTLY ASKED QUESTIONS:**

### **Why is it so important that an athlete not return to play until they have completely recovered from a concussion?**

An athlete who has not fully recovered from an initial concussion is very vulnerable to recurrent, cumulative, and even catastrophic consequences of a second concussive injury. Such difficulties are prevented if the athlete is allowed time to recover from the concussion and return-to-play decisions are carefully made. No athlete should return to sport or other at-risk participation when symptoms of a concussion are present and recovery is ongoing.

### **Is a “CT scan” or MRI needed to diagnose a concussion?**

Diagnostic testing which includes CT (“CAT”) and MRI scans are rarely needed following a concussion. While these are helpful in identifying life-threatening brain injuries (e.g., skull fracture, bleeding, swelling), they are not normally used, even by athletes who have sustained severe concussions. A concussion is diagnosed based upon the athlete’s story of the injury and the health care provider’s physical examination.

### **What is the best treatment to help my child recover more quickly from a concussion?**

The best treatment for a concussion is rest. There are no medications that can speed the recovery from a concussion. Exposure to loud noises, bright lights, computers, video games, television, and phones (including text messaging) may exacerbate the symptoms of a concussion. You should allow your child to rest as much as possible in the days following a concussion. As the symptoms decrease, you may allow increased use of computers, phone, video games, etc., but the access must be reduced if symptoms worsen.

### **How long do the symptoms of a concussion usually last?**

The symptoms of a concussion will usually go away within one week of the initial injury. You should anticipate that your child will likely be out of sports for about two weeks following a concussion. However, in some cases, symptoms may last for several weeks or even months. Symptoms such as headache, memory problems, poor concentration, and mood changes can interfere with school, work, and social interactions. The potential for such long-term symptoms indicates the need for careful management of all concussions.

## **How many concussions can an athlete have before he or she should stop playing sports?**

There is no “magic number” of concussions that determine when an athlete should give up playing contact or collision sports. The circumstances surrounding each individual injury, such as the way the injury happened and length of symptoms following the concussion are very important and must be considered when assessing the athlete’s risk for further and potentially more serious concussions. The decision to “retire” from sports is a decision best reached following a complete evaluation by your child’s primary care provider and consultation with a physician or neuropsychologist who specializes in treating sports concussion.

## **I’ve read recently that concussions may cause long-term brain damage in professional football players. Is this a risk for high school athletes who have had a concussion?**

The issue of “chronic encephalopathy” in several former NFL players has received a great deal of media attention lately. Very little is known about what may be causing dramatic abnormalities in the brains of these unfortunate retired football players. At this time, we have very little knowledge of the long-term effects of concussions that happen during high school athletics.

In the cases of the retired NFL players, it appears that most had long careers in the NFL after playing in high school and college. In most cases, they played football for over 20 years and suffered multiple concussions in addition to hundreds of other blows to their heads. Alcohol and steroid use may also be contributing factors in some cases. Obviously, the average high school athlete does not come close to suffering the total number or sheer force of head trauma seen by professional football players. However, the fact that we know very little about the long-term effects of concussions in young athletes is further reason to carefully manage each concussion.

Adapted from [A Parent’s Guide to Concussion in Sports](#), National Federation of High School Associations.

Some of this information has been adapted from the CDC’s “Heads Up: Concussion in High School Sports” materials by the NFHS’s Sports Medicine Advisory Committee. Please go to [www.cdc.gov/ncipc/tbi/Coaches\\_Tool\\_Kit.htm](http://www.cdc.gov/ncipc/tbi/Coaches_Tool_Kit.htm) for more information.

## **AUTHORIZATION AND ACKNOWLEDGEMENT**

### **WARNING: SERIOUS CATASTROPHIC AND PERHAPS FATAL INJURY MAY RESULT FROM ATHLETIC PARTICIPATION**

Many forms of athletic competition result in violent physical contact among players, the use of equipment that may result in accidents, strenuous physical exertion, and numerous other exposures to risk of injury. Students and parents must assess the risks involved in such participation and make their choice to participate in spite of those risks. No amount of instruction, precaution, or supervision will eliminate these risks. Students have suffered accidents resulting in death, paraplegia, quadriplegia, and other very serious permanent physical impairment while playing sports. By granting permission for your student to participate in athletic competition, you, the parent or guardian, acknowledge that such risk exists. Students will be instructed in proper techniques to be used in athletic competition and in the proper utilization of all equipment worn or used in practice and competition. Students must adhere to that instruction and utilization and must refrain from improper uses and techniques.

I understand the statement above and I understand that by allowing my student to participate in athletic events, I assume the risk that he/she may be injured, perhaps severely.

**ACKNOWLEDGEMENT OF CONDUCT CODE**

I understand that as a student representing the school district in activities, I am obligated to comply with the athletic handbook, including the code of conduct. **This means that I may not possess, use, or be at parties in the presence of alcohol, illicit drugs, or controlled substances at any time during the calendar year. I understand that this policy applies both during the school year and in the summer.** I understand that if I violate the code of conduct or other rules in this handbook, I may be suspended from participation in all co-curricular activities and/or school sponsored activities or events.

## CONSENT TO PERFORM RANDOM DRUG TESTING 2022-2023

Student Name \_\_\_\_\_ Grade \_\_\_\_\_

As a student and parent:

1. We understand and agree that participation in extracurricular activities is a privilege that may be withdrawn for violations of the Extracurricular Drug Testing Policy.
2. We have read the Extracurricular Drug Testing Policy and understand the responsibilities and consequences as an activity participant if the student violates the policy.
3. We understand that when students participate in any extracurricular activity, they will be subjected to random drug testing, and if they refuse, will not be allowed to practice or participate in any extracurricular activity. We have read this consent statement and agree to its terms.
4. We understand this is binding while a student is enrolled in the Potter-Dix School District.

### CONSENT TO PERFORM DRUG TESTING

We hereby consent to allow the student named on this form to undergo drug testing for the presence of drugs and alcohol in accordance with the Extracurricular Drug Testing Program adopted by the Board of Education. We understand that any samples will be sent only to a qualified laboratory for actual testing. We hereby give our consent to the medical vendor selected by the school board, their Medical Review Office (MRO), laboratory, doctors, employees, or agents, together with any clinic, hospital, or laboratory designated by the selected medical vendor to perform testing for the detection of drugs and to release the results of those tests as provided in the policy. We understand these results will be forwarded to school district officials and will also be made available to us. We agree to sign any necessary releases if requested to do so.

# POTTER-DIX PUBLIC SCHOOLS

*Equipping students with the real skills and knowledge to compete in a world with advancing automation and globalization.*  
We understand that consent pursuant to this Consent to Perform Random Drug Testing will be effective for all extracurricular activities in which the student might participate during the current school year.

We hereby release the Potter-Dix Board of Education and its employees from any legal responsibility or liability for the release of such information and records, pursuant to the policy.

## WITHDRAWAL OF STUDENT FROM ACTIVITY

### 2022-23 SCHOOL YEAR

I understand that by signing this form I am rescinding my permission for random drug screening and no longer wish to participate in any extracurricular activity. I further understand that I am forfeiting my privilege to participate in athletics and/or extracurricular activities for the remainder of this school year.  
I hereby rescind my consent to the administration of the drug screening and forfeit all participation in extracurricular activities for the remainder of the school year at the school district.
